

TOONGABBIE

4  2  2 

The most astute of tenant's will truly love this contemporary style complex as it truly is one of the best in Toongabbie. The complex has a great communal feel to it with BBQ area and kiddies playground on hand to entertain the whole family and the area can be seen from all properties on offer. The townhouses have been built with 'spacious' in mind through out. Great size lounge room with separate dining area. A truly amazing polyurethane kitchen with caesar stone bench tops and ample cupboard & pantry space, 3rd downstairs toilet as well as internal laundry with storage space. Upstairs features four large bedrooms with built-ins and main modern bathroom. Main bedroom is massive with walk in robe, air conditioning and ensuite. Great size courtyards with water tanks. Double lock up garage with remote control basement parking. The town houses truly must be seen to be appreciated!!
