

TOONGABBIE

2 1 1

This immaculate 2 bedroom apartment is so affordably priced, it has to be a better option than paying rent. It is conveniently located within a few hundred metres walk to Toongabbie Shopping Centre and train station, making your car obsolete. In a small complex of only 7, it offers built in wardrobes in both bedrooms that have extra storage, air conditioning and is beautifully kept throughout. The common laundry facility is shared with just one other apartment, and there is a carport too. Without a doubt this is the most affordable property on the market in this extremely convenient position, and would suit first home buyers, investors and people downsizing.
